

It's official. OK-CAN! Become a member today!

The Oklahoma College Assistance Program (OCAP), an operating division of the Oklahoma State Regents for Higher Education, is building the Oklahoma College Access Network (OK-CAN) to serve as a centralized hub for non-profit and not-for-profit college access initiatives in our state.

We want you to be a part of this very important group, and OK-CAN membership is free. Complete this membership application to get started.

What are your organization's strategic objectives?

Who are your organization's target audiences?

Tell us about your signature programs and services.

How would you characterize your organization's central mission and activities? (select all that apply)

Community-based College Access Program

Typically, these organizations provide core services such as admissions and financial aid advising, career guidance and mentoring, campus visits, test preparation programs and/or 'last dollar' grants to local school districts.

College Planning Resource Center

Typically, these organizations offer printed materials about planning, preparing and paying for college and work with students, adult learners and families who are looking for information about educational options after high school.

College Access Institutional Partnership

Typically, these programs are operated by a host higher education campus and deliver traditional hands-on services such as academic, enrollment and financial aid advising for students and parents in concert with local K-12 schools and college access practitioners.

Student Success Program

Typically, these programs offer auxiliary support services for students and families that encourage college-readiness, such as mentoring, tutoring, personal finance education, character development, communication skill-building and self-care.

College Access Support Organization

Typically, these entities support efforts to eliminate barriers to college readiness and access, and seek opportunities to align with other agencies and programs that share that mission. The primary goal of affiliation for these organizations is to expand the reach and scope of their services, materials and resources.

Other (please describe)

Together, we can change the mindset of Oklahoma students and families, remove perceived barriers to postsecondary education and improve our college-going rate. Join us today!

If you have questions, contact Penny Gandy, OCAP's Outreach Services manager.
